UNITED STATES GOVERNMENT

Memorandum

TO : SAC (157-10673)

DATE: 2/7/69

FROM : ASAC SYLVESTER

SUBJECT: MURKIN

SAC ROBERT JENSEN, Memphis, telephonically contacted the New Orleans at 4:00 p.m., 2/6/69, concerning New Orleans teletype with the statement "UAC, ESQUIVEL would be interviewed after STEIN was interviewed".

SAC JENSEN requested ESQUIVEL not be interviewed as this would merely lend credence to the story in Look, and suggested that employment records be checked to determine whether or not ESQUIVEL worked during the month of August, 1967, which would show he could not be in Montreal, Canada; Windsor, Ontario; or Detroit, Michigan, and whether he worked on 3/22/68 when RAY was in Selma, Alabama.
